

## Form A5: application for cremation (by a local authority)

Cremation number:

Crematorium/cremation authority address:

Cremation authority registration number:

Time of cremation:

Date of cremation:

### Name of the deceased:

**This is a statutory form, prescribed by the Cremation (Scotland) Regulations 2019. The information and questions contained in this form must not be changed.**

This application form is to be used by a local authority for the cremation of an adult or child where a person dies or is found dead within the area of the local authority and it appears that no arrangements have been or are being made for the remains to be buried, cremated or hydrolysed.

This application is made to the cremation authority which is to carry out the cremation. The cremation authority will need to examine the form to make sure that it contains all of the necessary information. Missing information or information that is not accurate may result in the cremation being delayed or refused. If you are unsure about any of the information that is required, or are not sure what any part of the form means, you should speak to staff at the crematorium where the cremation is to take place or to the funeral director who is making the arrangements.

The local authority applying for the cremation is 'the applicant' and has the legal right to apply for the cremation under section 87 of the Burial and Cremation (Scotland) Act 2016.

If it is necessary to change the crematorium for any reason a new Form A5 should be completed.

### Personal data

The information provided on this form is a legal requirement under the Burial and Cremation (Scotland) Act 2016 ("the Act") and will be processed in line with data protection legislation. The data will be held by the cremation authority that is carrying out the cremation. It will be held securely, in confidence and processed solely for the purposes set out by or under the Act. It will not be shared with any third party other than an inspector of cremation, if requested. You have the right to know what data is held about you and you can, by contacting the cremation authority in writing, receive a copy of that data. The cremation authority is obliged to include in their privacy notice how the information will be held, for how long and how you may make a complaint to the Information Commissioner's Office.

### Required documents

You should ensure that you have attached the certificate of registration of death to this application form. A Form E1 may also be required if the procurator fiscal has been involved. The cremation authority must have these documents for the cremation to take place. See the Guidance Notes (a) for more information.

## Procurator Fiscal (PF)

If the PF has investigated the death, the cremation cannot take place until the PF has given approval. (please tick boxes below as applicable).

Has the death been investigated by the procurator fiscal?	Yes	No
If "yes", Form E1 has been provided by the procurator fiscal	Yes	No

## Section 4: Hazards

This section is used to record details of anything which might be a hazard during cremation – for example, certain implants or the presence of particular diseases. Certain hazards may need to be removed from the body before cremation can take place. Implants or devices may damage cremation equipment if not removed before cremation. Some radioactive treatments may endanger the health of the crematorium staff.

**The presence of some hazards may delay or prevent cremation taking place.** If you are in any doubt about this, you must discuss this with the funeral director or crematorium staff.

### Are you aware if any of the following apply:

Does the body pose a risk to public health, for example did the deceased have a notifiable infectious disease or was their body contaminated immediately before death?	Yes	No
Is there a cardiac pacemaker or any other potentially explosive device currently present in or on the body? (see Note 3 in guidance notes for examples)	Yes	No
Is there radioactive material or other hazardous implants currently present in or on the body?	Yes	No

If you answered 'yes' to the questions about a cardiac pacemaker and/or radioactive material, please give details and state whether the device has been removed.

## Section 5: Disposal of ashes

This section is used to state what is to happen to the ashes following cremation (please tick only one box below).

a) There are no known relatives/relatives are unable to be contacted and the ashes should be disposed of in line with cremation authority procedure.

I confirm that I have been in contact with the family of the deceased and have confirmed that they want:

b) To collect the ashes from the crematorium (please fill out section 5d)

c) The cremation authority to scatter or inter the ashes

The term “ashes” means the material (other than any metal) to which human remains are reduced by cremation including the coffin and any clothing. Metals may be recycled by the cremation authority to help reduce the impact on the environment. Each crematorium will have their own practices.
